ABOUT BEDC
A Brief Overview

The Bermuda Economic Development Corporation (BEDC) was established in 1980 as the Bermuda Small Business Development Corporation (BSBDC). This joint venture between Bermuda's banks and the Government was formed to actively assist the development of a strong, well managed and prosperous small business sector in Bermuda. In 2011, the BSBDC Act was amended to expand its remit. As a result the BSBDC changed its name to BEDC to encompass its expanded legislation. Under the new legislation the Corporation performs the following functions:

• The granting of loans or other forms of financial assistance, to assist persons in establishing, carrying on or expanding small businesses, medium-sized businesses and entities within economic empowerment zones;

• The provision of technical advice or assistance to persons who are seeking or who are granted financial assistance;

• To operate and manage vendor markets;

• To oversee and manage the development and implementation of the economic empowerment zones; and the maintenance of a Register of Small Businesses, Medium-Sized Businesses and Economic Empowerment Zone Business Entities

"BEDC has been instrumental in providing guidance at an early stage in our development in addition to providing loan guarantees that have been critical in securing necessary financial resources."

ABOUT THE EEZ PAYROLL TAX RELIEF PROGRAMME

In order to encourage and attract businesses to start up or relocate to an Economic Empowerment Zone (EEZ) - Somerset, North East Hamilton & St. George’s, the BEDC has developed a process for a relief on the employer’s portion of Payroll Tax for newly established businesses in a zone.

The purpose of this initiative is to attract new businesses or existing businesses to start-up within or relocate to an EEZ to assist with the regeneration and growth of the zones.

It also allows start-ups an opportunity to grow and thrive over a 2-year period while giving them breathing space to grow the business financially through reduced overhead costs. The relief also incentivises existing businesses to be attracted to an EEZ while growing the economic base in those zones.

A FEW DETAILS

A Payroll Tax rate of 0% will be offered to newly established businesses in an EEZ on the Employer portion of the payroll tax. The relief is available up to a maximum of 9 tax periods including the period in which the business was established in an EEZ.

WHO CAN APPLY?

Any new or relocated business that establishes a physical presence in one of the 3 Economic Empowerment Zones after the zone’s establishment date. Further, the business must be registered with the Bermuda Economic Development Corporation.

ABOUT THE EEZ CUSTOMS DUTY DEFERMENT PROGRAMME

The EEZ Customs Duty Deferment is relevant to business and property owners in an Economic Empowerment Zone ("EEZ"). This product is for the owners of property or businesses in an EEZ seeking to obtain a deferral on the payment of customs duty for up to five years, as provided by the Economic Development Act 1968.

Deferment, or deferral, of customs duty means that the payment of the duty is made at some point in the future and not at the time of importation. This is not an exemption of customs duty – the full duty is still charged and payable against the imported goods; but the full payment is simply delayed.

The duty deferment offered under the Act applies to customs import duty only. It does not apply to any other charges or fees that may be levied on imported goods, e.g. wharfage fees. Any other charges or fees must be paid at the appropriate time.

A FEW DETAILS

The customs duty deferment can be applied to all imported goods, materials, merchandise and construction and other equipment used in the construction or development of a project that meets the intent of the approved scheme. Imported items for use in implementing capital improvement projects or capitalized items should have a warranty.

WHO CAN APPLY?

The customs duty deferment is only available to the owners of property or businesses located within an EEZ. Further, the business must be registered with the Bermuda Economic Development Corporation.
